HIYA PORWAL

hiyaporwal89@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in SQL, Python, Power BI, DAX, and Power Query, specializing in data cleaning, exploratory data analysis (EDA), dashboard development, KPI reporting, and business intelligence. Skilled at transforming raw, multi-source datasets into actionable insights that support data-driven decision-making, with additional exposure to predictive modeling, machine learning, and relational database management (PostgreSQL, MySQL).

TECHNICAL SKILLS

Data Analytics & BI: SQL, Power BI, DAX, Power Query, Microsoft Excel, Data Cleaning, EDA, Data Visualization, KPI Analysis, Dashboard Development, Business Intelligence Reporting

Programming & Data Science: Python, Pandas, NumPy, Matplotlib, Seaborn, Statistical Analysis, Predictive Modeling, Machine Learning, Feature Engineering, Data Modeling

Databases & Tools: PostgreSQL, MySQL, Git, GitHub, Jira, n8n, REST APIs, React.js, Node.js, JavaScript, C++, Java

EXPERIENCE

SVS Datalytics — Data Analyst Intern *Jun 2026 – Present*

- Build and maintain interactive Power BI dashboards tracking 15+ KPIs across 5 business functions, improving visibility into performance metrics for stakeholders.
- Clean and transform raw datasets from 6+ sources using SQL and Power Query, reducing data-prep time by 30% and improving reporting accuracy.
- Support reporting workflows and business analytics, streamlining recurring report turnaround from 3 days to under 4 hours.

Hindustan Copper Limited — Data Analytics Intern *May 2026 – Jun 2026*

- Analyzed 18+ months of industrial process data across 1,640 shift records to identify patterns affecting copper recovery rates.
- Performed data preprocessing (missing-value handling, outlier detection, feature engineering) and EDA in Python, improving model-ready data quality by 25%.
- Developed predictive models achieving 89% accuracy and conducted feature-importance analysis to surface the top 5 drivers of copper recovery performance.

ParshWebCraft — Data Analyst Intern *Feb 2026 – Apr 2026*

- Analyzed company operational and business data to identify trends and support decision-making across teams.
- Created reports and performance dashboards to track key metrics, helping drive company growth initiatives.
- Collaborated with the development team on ERP modules built with React, Node.js, and PostgreSQL, supporting 50+ users.

PROJECTS

Uber Ride Bookings Dashboard *Power BI, Power Query, DAX*

- Built an interactive Power BI dashboard on Uber ride booking data to analyze booking trends, revenue, customer behavior, and operational performance.
- Performed EDA, data cleaning, and transformation using Power Query, and built DAX measures for KPIs (completed/lost bookings, total revenue, total distance, average trip distance).
- Designed Field Parameters for dynamic Month/Quarter analysis, revenue breakdown by vehicle type, top pickup/drop locations, and customer/driver rating insights.

RECOV AI — Copper Recovery Prediction & Monitoring System *Python, Machine Learning*

- Built an AI-powered prediction system achieving 90% accuracy using feature engineering, anomaly detection, and explainable ML.
- Developed a decision-support interface with color-coded recommendations, cutting manual review time by 35%.

ParshvTrack ERP *React, Node.js, PostgreSQL, REST APIs*

- Developed a full-stack Field Workforce Management ERP with live GPS tracking and geo-tagged attendance for 50+ field employees.
- Designed REST APIs and database architecture with real-time reporting dashboards, cutting manual attendance/payroll errors by 25%.

EDUCATION

Vellore Institute of Technology, Bhopal — Integrated M.Tech, Computational Data Science *2028 | CGPA: 8.25/10*

St. Mary's Convent Sr. Sec. School, Teetardi — CBSE Class XII *2023 | 85.4%*

St. Mary's Convent Sr. Sec. School, Teetardi — CBSE Class X *2021 | 83.6%*

ACHIEVEMENTS & CERTIFICATIONS

- Smart India Hackathon (SIH) College Nominee — represented the institute at the national innovation competition.
- Winner, Inter-College Research Paper Competition; secured 4 undergraduate internships (3 technical, 1 non-technical).
- Data Analysis: Earned multiple Salesforce badges and Microsoft badges.
- Certifications: Google IT Support Professional, Full Stack Web Development (Udemy), MATLAB Onramp, Vityarthi Essentials of Python.
